ALMA MATER

Dear old Carmichaels, a toast to you.
Carmichaels, our Alma Mater.
In our hearts we'll ever think of you,
We are loyal sons and daughters.
Dear golden years passing by,
Oh, how they fly!
Short years for both you and I.
We will always sing this song to you.
To the world we'll tell your story.
We are proud that we belong to you,
As you stand in all your glory.

The Band

THE BAND AND MAJORETTES AT HALFTIME—The outstanding musical performances of the band, complemented by precision drills and inventive majorette routines, made half-time at Carmichaels games a pleasant diversion. The band presents special arrangements in a professional style enjoyed and acclaimed by all who hear it. Under the distinguished direction of Mr. Arnold Battaglini, The Carmichaels Area High Band enjoys a reputation of which we are very proud. With the exceptionally attractive new uniforms purchased this year by the School Board, our band is now one of the best-looking, as well as best-sounding, organizations anywhere.

"Christmas for the Duchess"

The Speech Class presented its annual Christmas play for the student body under the supervision of Mrs. Crayne, the direction of Joe Jurczak, and the management of Gloria Gazy, Alta Kowalczyk, and Dave Hartley. The story took place in the Rollins family home. Betty Rollins, a college student, had invited an English girl, Georgina Winthrop, to spend the holidays at her home. However, Betty decides that the traditional Christmas is not suitable for a high-society guest like Georgina. She replaces the family's decorations with a "modern" color scheme of pink and purple. When Georgina arrives, she is secretly disappointed. She does not show her feelings until Bill, Betty's brother who is also in college and who wants an old fashioned Christmas, discovers her disappointment and homesickness. These two then plan the old-fashioned style Christmas they really want, and the play ends on a happy note of understanding and Christmas spirit.

"The Boy Who Changed the World"

The seniors of the National Honor Society presented their annual play on the evenings of April 8 and April 9. The play was directed by Mr. Atalski, the NHS sponsor. "The Boy Who Changed the World" is the story of a cave boy with a problem. He isn't interested in the things a prehistoric teen should be. He is flunking survival school because he can't master the three C's—climbing, clubbing, and clobbering. He would rather wander around the forest daydreaming. This is serious, because the weak who can't support themselves are exiled to certain death in the wilderness. George's father, John the Strong, will not allow his son's exile, and this stand ruins John's campaign for mayor of the village. Then George meets glamorous Dorothy. Since he can't win her with feats of strength, he puts his mind to work. He invents painting, which isn't understood; poetry, which is laughed at and music; we'll not even mention the reaction to that. Throughout all these humiliating failures his one friend, Mozelle, defends him loyally. But George is acting so strangely that the village decides to exile him at once. Just in time, George invents the wheel. The villagers realize its importance, and award George an honorary club (survival school diploma equivalent) and full manhood status. John is sure to be elected now. And though Dorothy is available, George has learned the meaning of true love and chooses Mozelle. All those discoveries had to be made. Who can say? Maybe it really happened this way.

A special Someone

This edition of the Area Echo has been an attempt to record the year 1965 as experienced by the students of Carmichaels Area High. The publications staff hopes it will be a pleasant reminder of happy memories, successful memories, and fun-filled memories; but especially of that most profitable kind of memory —the kind by which we mature and grow.
